

Grow your business – with the help of Quickstart

Running your own business can be both rewarding and challenging. You want to make sure you have the right people working with you to make your business grow. That's where Manulife Financial's Quickstart plan can help.

Group Insurance Made Easy

We've put together a package of key benefits that employees find the most useful and desirable – at a price that is realistic for a growing business like yours. Quickstart begins with the basics and gives you the flexibility to add new benefits and features as your budget allows.

And since it's a tax-deductible business expense, it's not hard to understand why so many small businesses have chosen to make the investment in a group benefits plan.

A group insurance plan can foster an environment of stability and growth – not only for your existing employees but for

potential new hires as well. Competing in today's marketplace can be tough, but a solid group benefits program can level the playing field.

Low cost and flexible options. Start something great with Quickstart.

Want to learn more? Just complete the attached Request for Quotation form, send it to your Advisor and find out how to grow your business – with Manulife!

Quickstart

Group Benefits products are offered through Manulife Financial (The Manufacturers Life Insurance Company).
