Underwriting Guidelines for Drug Upgrade Option only. It is important that you complete Part 2 of the Application in order to assess if coverage can be offered. Once an application has been reviewed by Green Shield, the application is approved as is, or approved with an Exclusion/Limitation Offer that must be signed and returned prior to coverage taking effect, or the drug upgrade coverage could be declined. Coverage takes effect the latter of the 1st of the month following approval and/or receipt of exclusion offer if applicable. Once approved by The EDGE, the initial premium will be automatically withdrawn, or cheque deposited as applicable.

What does coverage with an exclusion/limitation mean? If maintenance drugs are being taken for an existing condition Green Shield may offer coverage that would cover all medications, except the medications that fall within the categories of drugs used for treatment of "that condition".
